

C2C TECHNICAL SERVICES

An  SOLUTIONS™ Company

ABOUT US

C2C Technical Services (C2C) provides full-service engineering and electrical & instrumentation (E&I) construction solutions for complex industrial facilities. Our 350+ full-time professionals offer in-depth expertise across structural, mechanical, process, electrical, and instrumentation engineering, as well as capabilities in project management, project controls, estimating, front-end design, and field engineering. The C2C project management team is expert in critical-path execution, focusing on efficiency throughout the planning, commissioning, and start-up phases. Whether delivered on-site or off-site, our turnkey solutions are backed by advanced tools and technologies and driven by an unwavering commitment to safety, quality, and service excellence.

OUR MISSION

C2C Technical Services delivers safe, high-performance full-service engineering and E&I construction services. The C2C team is driven by quality, integrity, and technical excellence across every project lifecycle.

OUR VALUES

- **Safety** – Vigilance in protecting people, property, and the environment
- **Integrity** – Honesty, transparency, and honoring all commitments
- **Performance** – Flawless execution that exceeds industry standards
- **Agility** – Adaptive growth to meet evolving industry demands
- **Teamwork** – Trust, collaboration, and shared success

INDUSTRIES SERVED

- | | |
|----------------------------|----------------------|
| ■ Chemicals | ■ Petrochemical |
| ■ Commercial | ■ Petroleum Refining |
| ■ Environmental | ■ Pipeline |
| ■ Industrial/Manufacturing | ■ Power |
| ■ Marine | ■ Rail |
| ■ Material Handling | ■ Terminals |
| ■ Medical | ■ Utilities |

MULTI-DISCIPLINED ENGINEERING

C2C TECHNICAL SERVICES

The Engineering team at C2C Technical Services brings together individuals with deep expertise, shared values, and a commitment to excellence. Together, we are positioned to deliver comprehensive, high-quality engineering solutions to the industries we serve.

- Structural Engineering
- Mechanical Engineering
- Process Engineering
- Electrical Engineering
- Instrumentation Engineering

SERVICES

- FEED project support/Define Engineering
- Detailed Construction Packages
- Managed Client Capital Program
- Project Management Services
- Reliability and Maintenance Engineering Support
- Smart Plant Instrumentation Implementation

Main Office
1241 Butler Rd.
League City, TX 77573

Houston Office
10200 Richmond Ave.
Suite 120
Houston, TX 77042

Texas City Office
31B Logan St.
Texas City, TX 77590

C2C TECHNICAL SERVICES

An  SOLUTIONS™ Company

CONSTRUCTION

INSTRUMENTATION CAPABILITIES

- DCS Upgrades
- SCADA Systems
- PLC and Marshalling Cabinets
- Control System Installations and Commissioning
- SIS and BPCS Hot Cutover
- Instrument Wiring, Cabling, and Terminations
- Tubing Installation and Testing
- Pre-insulated and Heat Trace Tubing Assemblies
- Instrument Tubing Installation and Testing
- Loop Checks and Calibrations

ELECTRICAL CAPABILITIES

- Electrical Equipment Installation
- Conduit, Cable Tray, and Support Systems
- Grounding Systems
- Low and Medium Voltage Switchgear and MCCs
- Industrial Lighting Systems
- Underground Conduit Systems
- Automatic Transfer Switches, VFDs
- Heat trace systems for process temperature maintenance and freeze protection

SAFETY

At C2C, safety is at the core of everything we do. We implement rigorous procedures, provide continuous training, and utilize real-time tracking systems to create a culture of accountability and improvement. Our commitment to safety has earned us multiple Houston Business Roundtable Safety Awards, which reflect our dedication to the well-being of our employees, partners, and the communities we serve.

SUPERVISION

C2C delivers integrated project management with a strong focus on cost control, planning, and execution. Our established relationships with top-tier contractors enable us to provide constructability reviews, access to historical cost data, construction estimating services, and vendor pricing, allowing for accurate Total Installed Cost Estimates. This gives our clients a strategic advantage in project planning and financial management. From the outset, projects are aligned with client resources, milestones, and goals. Our project managers coordinate all activities to ensure continuity, focus, and conformance to cost and performance expectations.

Highly Experienced in:

- Greenfield Construction
- Brownfield Construction
- Large scale Turnarounds
- Long Term Embedded Support
- QA/QC Resources
- Construction Planning

OTHER CAPABILITIES

- Troubleshooting and Repairs
- QA/QC Resources
- Construction Planning and Estimation
